0.05 / Feb.17.2015	RCOM	Raajesh Kumar	Transfer Agent * SRC Counter 5/8/15 will be common for both 333 and 198
0.06 / Feb.19.2015	Reliance	Daranivasan.A	<ul style="list-style-type: none"> <li>- VAS(VAS) &amp; Internet &amp; VAS(INV)               <ul style="list-style-type: none"> <li>* Replace "transfer to other IVRs" with message followed by Global Prompt</li> </ul> </li> </ul>
0.07 / Mar.07.2015	Servion	Raajesh Kumar	Added IVR DB interface details
0.08 / Mar.21 & 24.2015	Servion	Karthikeyan G	<p><b>Internet &amp; VAS:</b> On selecting internet settings, call will be transferred to agent</p> <ol style="list-style-type: none"> <li>1. Activate VAS – added interface to fetch the available vas and activate vas.</li> <li>2. Transfer back to main menu</li> <li>3. Process payment changes .. PACE interface to validate card details and process payment</li> <li>4. Top-up interface added to validate the entered denomination</li> <li>5. Global prompt to be played for second and third try for all menus but only for HNI callers</li> <li>6. Intelligent layer moved upfront of the call instead under each main menu and logics updated for SR, CRM interaction history, tariff change, pack renewal</li> <li>7. PUSH SMS: SMS will only be triggered from URL but not by CSS.</li> <li>8. GPRS settings: CSS will communicate to device manager and device manager will send the GPRS settings to MDN. Device manager will be responsible for sending SMS and maintaining the SMS text</li> <li>9. Buy offer or pack: No need to collect MRP through admin, instead ACT &lt;offer code&gt; will be passed to consumer BUY PACK interface. Option to enter the activation code against each offer in admin to be included; which will be sent to MACD / pay using core balance interface</li> <li>10. Voice offer / data offers: added OFU interface to get OFU offers</li> <li>11. Added interface for my pack and plan</li> </ol> <p>Credit card entry call flow: Removed card selection menu and one card number entry collection menu</p>

### Version History Contd

Version No / Date	Change Initiated By	Updated By	Summary of Changes
1.1 / April.08.2015	-	Karthikeyan G	Base lined version
1.11 / April.17.2015	-	Karthikeyan G	1. Added Interface to pack renewal 2. Voice and data offers: offer code (instead of activation code) will be passed to buy the pack interface 3. Data Balance & Validity: removed FRC balance category, since that is not applicable for GSM and added interface details to fetch Data balance. 4. My Plan & Pack: Added interface details to retrieve my plan and pack details. 5. Pay using core balance: Added interface. Error codes pending. Process payment: Payment or transaction ID will be played only if the interface returns payment ID, otherwise transaction id phrase will not be played.

1.5 / May.04.2016	-	Yahya Rayyan	Added language selection in case DB failure.
1.6 / June.14.2016	-	Yahya Rayyan	Updated circle based voice offers and data offers providing three of them to the caller.

### Standard Call Flow Conventions

This shape represents the Start or End of the IVR Application

This shape represents speech announcements with out caller input

This shape represents any process that happens in the background

This shape represents the Menu option, the same shape also represents the collection of a string of digits (prompt and collect option).

This shape represents the host or database access.

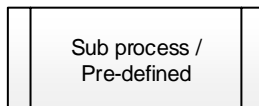

This shape represents a condition on which a decision is made to chose a branch in the call flow. It can be based on the input provided by the caller or the result from some external processor (a database operation).

This shape is a page connector which means the continuation of the flow in the same page.

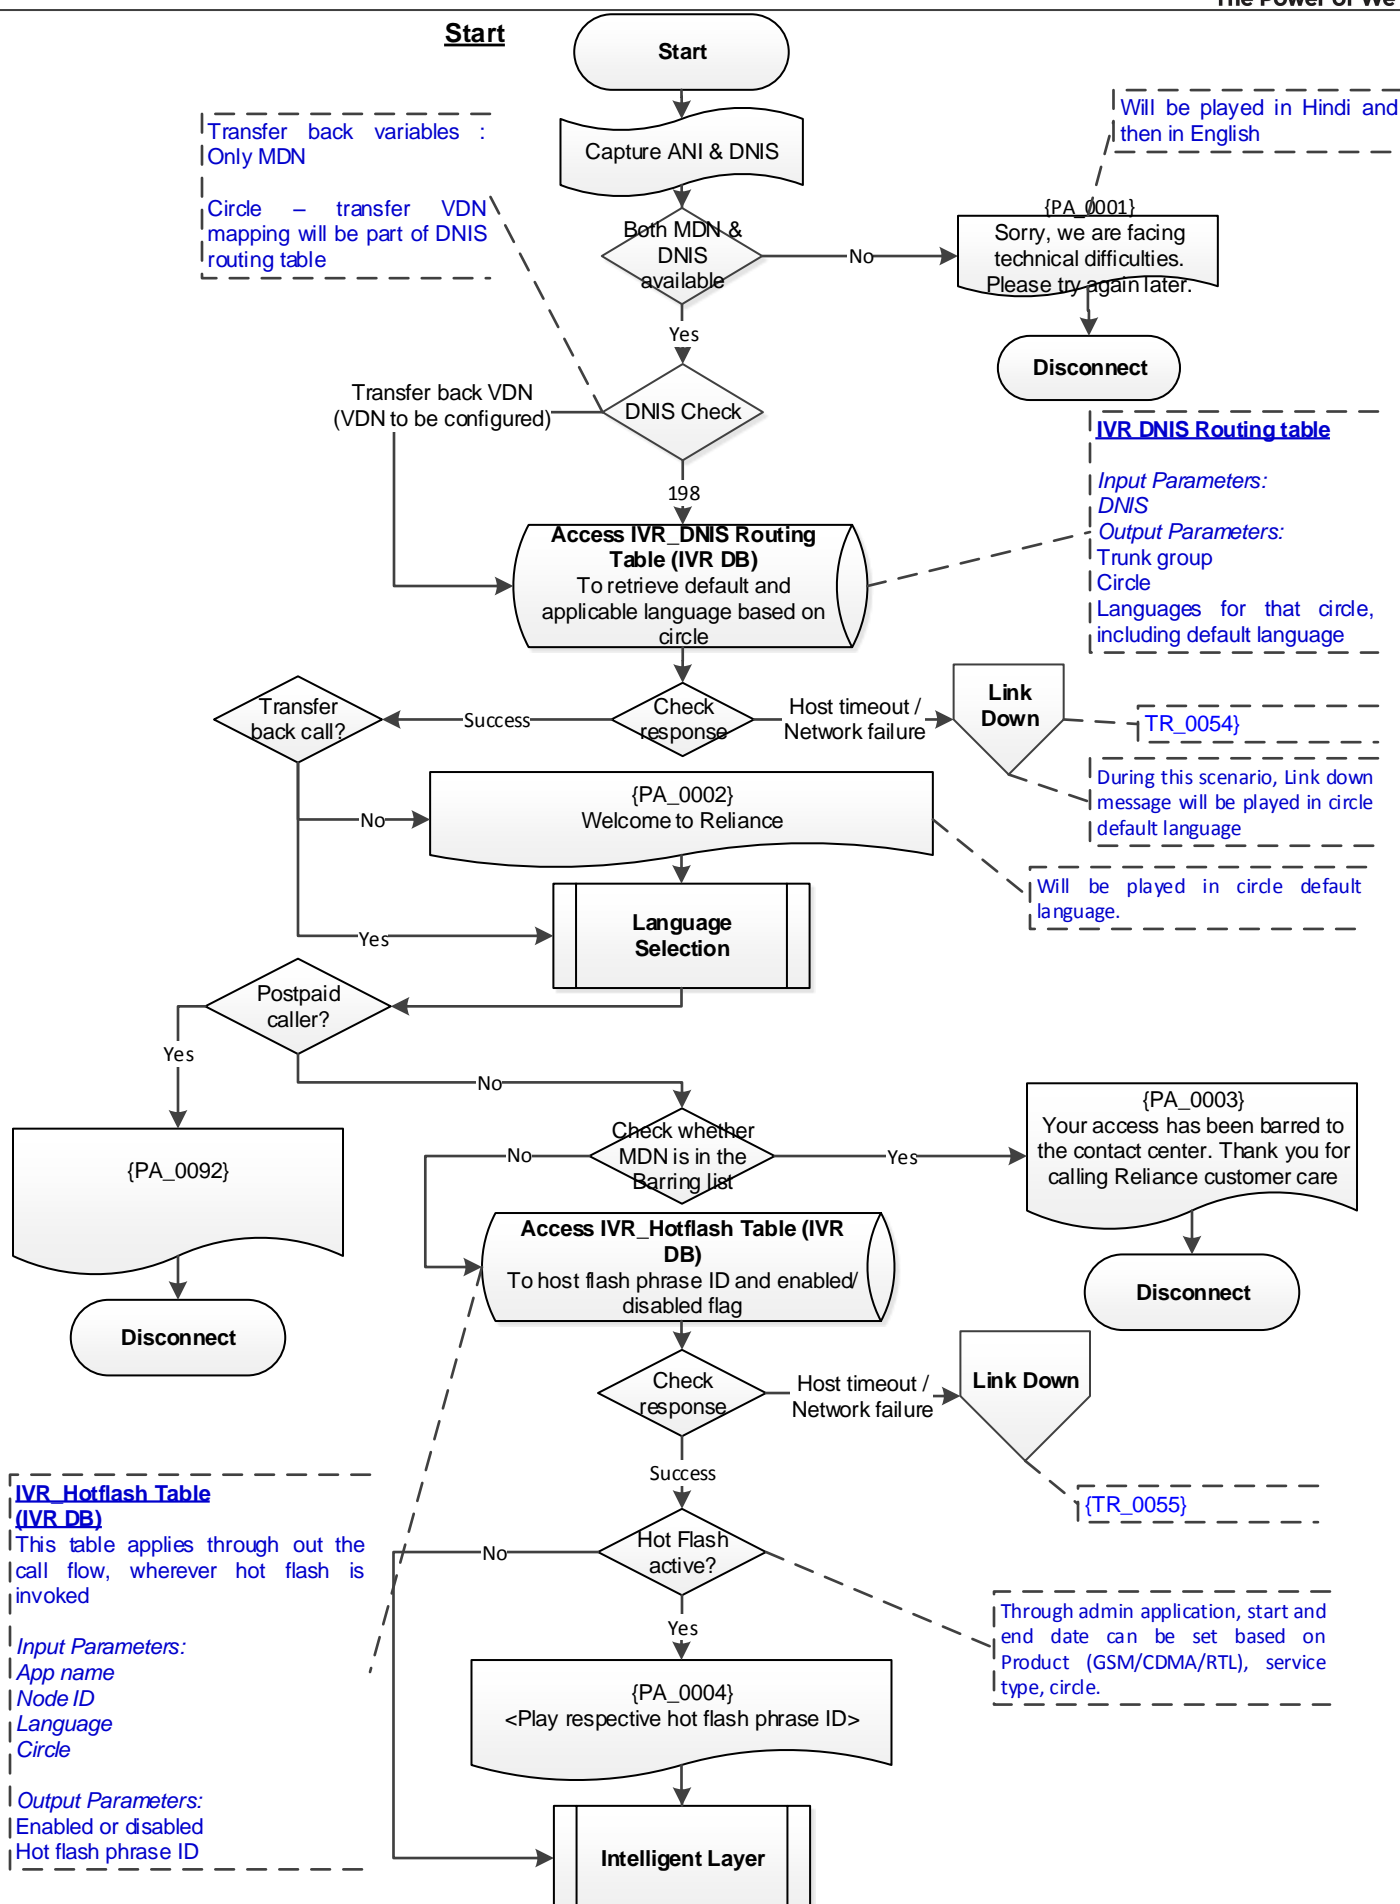

This shape is a page connector which means the continuation of the flow is in another page.

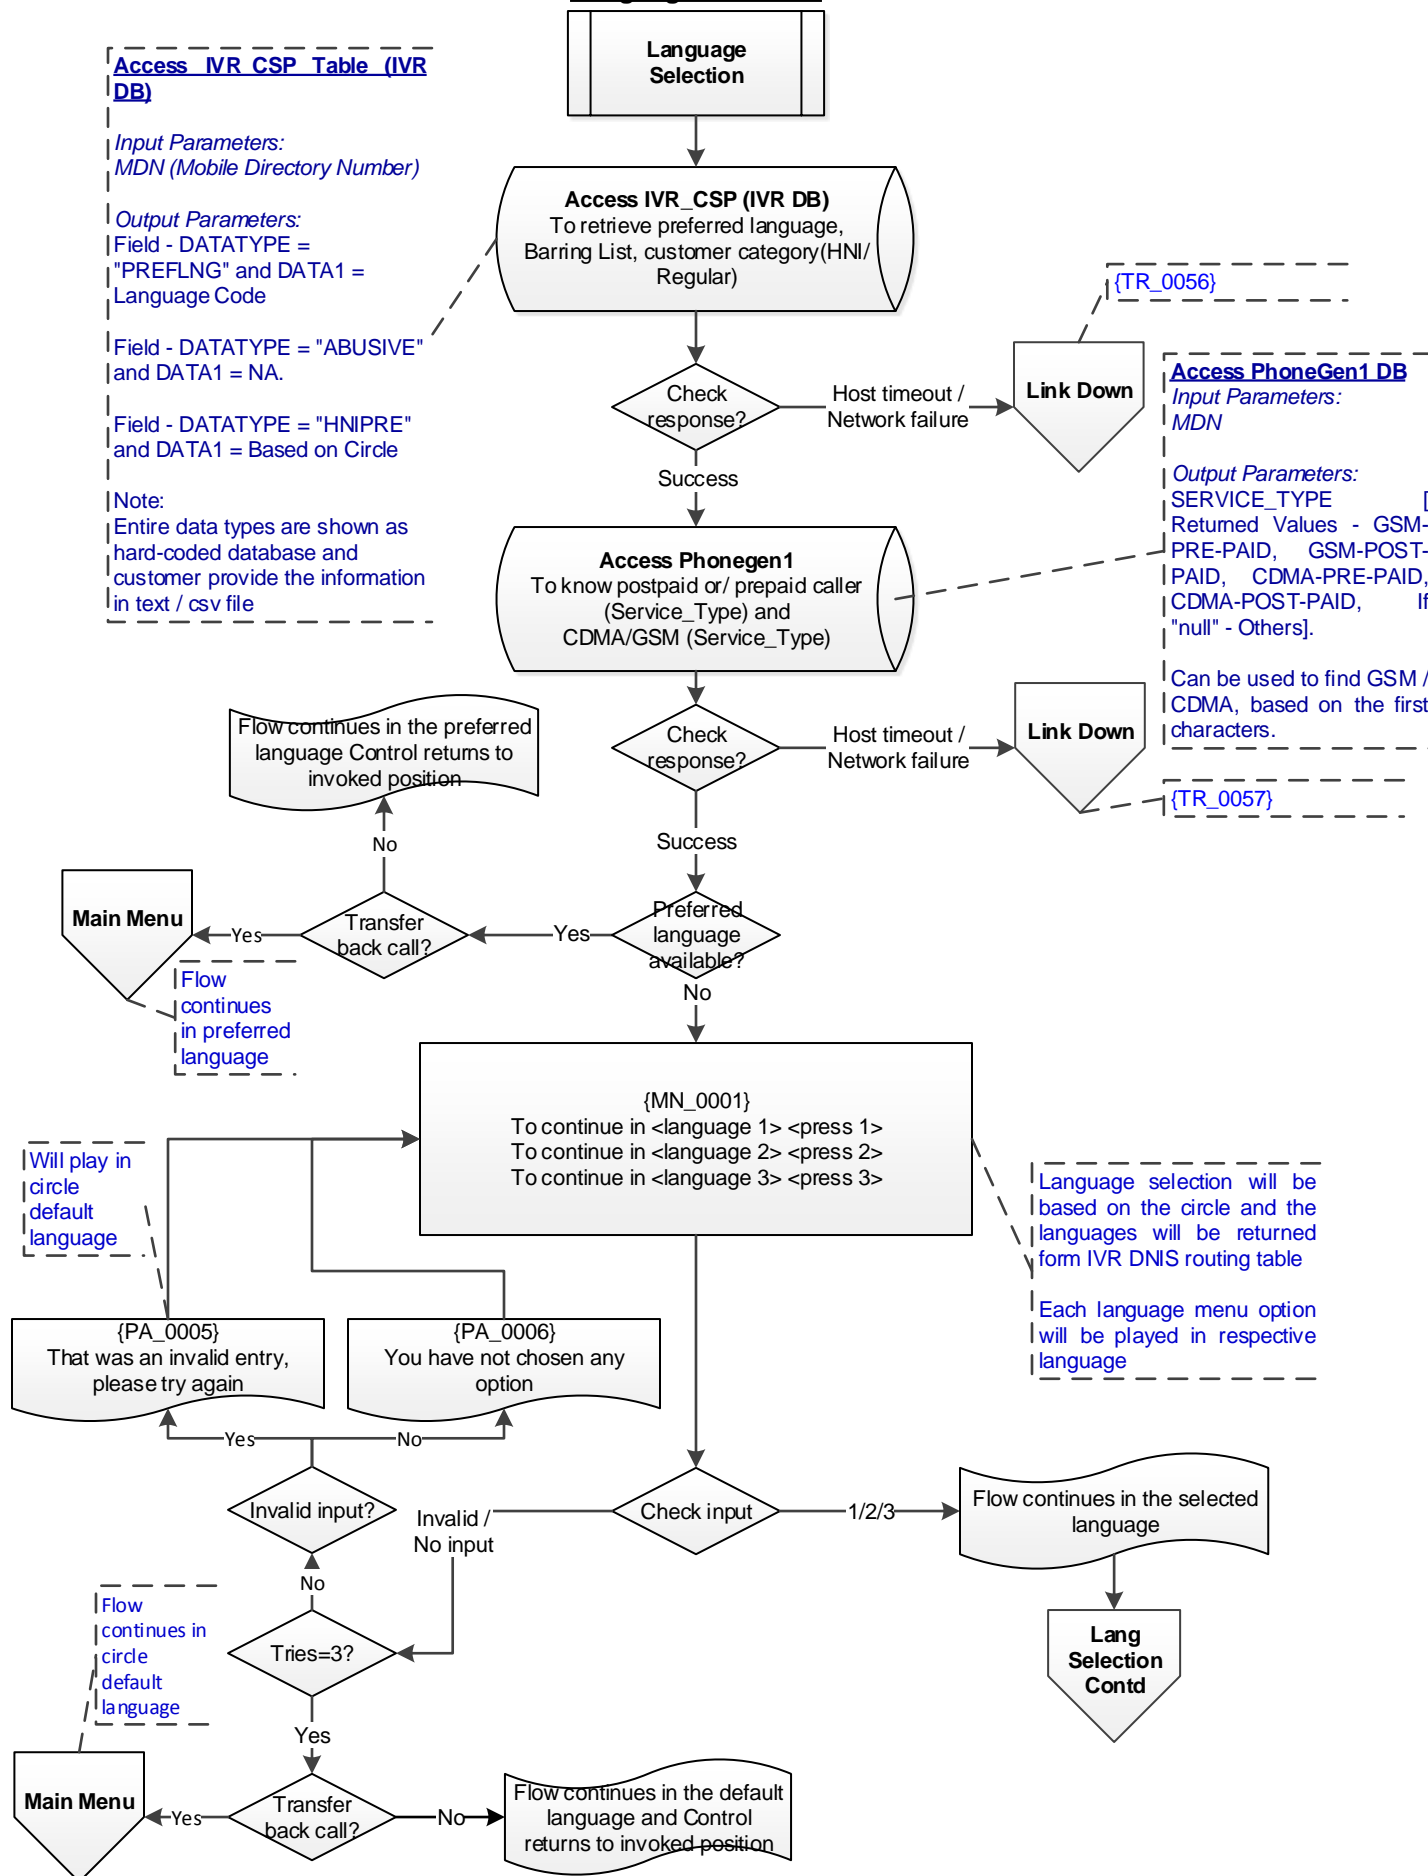

This shape is used for a process that has already been defined elsewhere. This indicates that there is another flowchart available for this predefined process, and should reference that source for more information. Typically is used to simplify complex flowcharts by moving a large part of the flowchart to another flowchart.

### Universal Business Rules

S.No.	Functionality	Description	Exceptions
1	Call Center Business Hours	24x7	
2	Language of Interaction	Regional language, English and Hindi	Language selection will be dynamically offered based on the circle  Default language will be regional language for all circles
3	Dial with interrupt	Applicable when a menu or an announcement is played	Not Applicable if there is a database access
4	No Input timeout	5 Seconds (Configurable)	Not Applicable
5	Inter Digit Timeout	3 Seconds (Configurable)	Not Applicable
6	Host timeout	5 Seconds (Configurable)	Not Applicable
7	Maximum number of tries	3 Tries (1 initial try + 2 retries) No input and Invalid input will have combined 3 tries.	Not Applicable
8	Touch Tone Entry	Application will accept DTMF numeric, Hash (#), and asterisk (*) inputs only	Application will not accept any alphabet, or speech inputs
9	Announcing Numbers	The application will announce numbers as a whole. For example 250 will be announced as Two Five Zero	Not Applicable
10	Announcing Date	Dates (DD / MM / YYYY) will be announced in words, for example 15 / 05 / 2005 will be announced as Fifteenth May Two Thousand and Five	Not Applicable
11	Announcing Currency	The application will announce the currency information as Major Currency (Rupees) and Minor Currency (Paise)  For example, 250.50 will be announced as Two Hundred and fifty rupees and fifty paise.  If any one of the currency portion is zero, the application will not announce the same.  If both the currency portion are zero, the application will announce it as Zero balance.	Not Applicable
12	Global Prompts (Menu level)	To return to the previous menu <press 7> To return to the main menu <press 8> To speak to our customer service representative <press 9>	Global Prompts (Menu Level) will not apply for the following: Main Menu, Prompt & Collect, Confirmation Menu  Option 9 will be dynamically offered based on the customer category (HNI or regular). A note has been explicitly placed in each menu wherever applicable
13	Global Prompts (Feature level)	To repeat the message <press 0> To return to the previous menu <press 7> To return to the main menu <press 8> To speak to our customer service representative <press 9>	-Feature level global prompt will be played followed by an announcement. Example: After credit card last 5 transaction announcement. Above exception applies for global prompt feature and menu repeat
